How to Use This Unit

- Split these lessons and activities up over the first few weeks of school.
- Model and teach explicit rules and procedures the first few days.
- As students learn new rules and procedures, have them complete follow-up activities for that given procedure.

What Teachers Think

“I like how this resource has multiple ways to demonstrate their understanding of good/poor choices. The students also enjoyed it! I’m very happy I purchased this.”

“Good resource to have students practice and think about expectations on the first week!”

“This was fun, engaging, and easy to use. I highly recommend this resource!”

Benefits of This Unit

- Lays the groundwork for behavior in the first few weeks of school
- Teaches and models classroom procedures
- Explicit instruction on expectations
